We encourage you to get to know the prices of the services provided by Alpha Translation Agency in the range of standard and certified written translations of common and rare languages, as well as interpretation services.

The estimation of number of billing pages is made on the basis of the text in the source language (word count in MS Word). Thanks to this, we can provide the whole and precise cost of the service which is concurrent with the cost presented in the invoice. In order to find out the exact price of a translation service, please send your enquiry by [e-mail](mailto:info@biuro-tlumaczen.tv) or use the [form](#).

The minimum amount of an order in our agency is PLN 29.00 net. In case of larger orders (more than 50 pages), it is possible to negotiate the price.

A standard billing page for standard written translation is 1600 characters with spaces. Each newly started page counts as the whole next page. Orders containing only individual words or sentences are treated as a whole standard billing page and are not subject to partial pricing.

	<b>*ECO = ECONOMIC MODE</b>	<b>** STANDARD = STANDARD MODE (preferred by most of our Clients)</b>

**We provide basic graphic editing services in both modes.**
